## Remodeled New Chitose Airport open to the public

The terminal building of New Chitose Airport, one of the major gateways to Hokkaido, has been remodeled and opened to the public on 15 July 2011.

Newly installed facilities are an authentic hot spring facility “Manyo-no-yu”, an airport cinema and a chocolate factory as well as the Steiff Museum and the Doraemon Waku Waku Sky Park. There are also variety of gourmet fields such as confectionery shops, Ramen Dojo and local product shops which offer tourists great opportunity for shopping and entertainment.
